

## Predictable Delivery. Real People. Real Products. Real Performance.

Reeb Building Systems is a certified women-owned small business and specialty trade contractor. We offer a variety of wood structural and panelized wall systems, door and window systems, and various finishing products as a dealer on a supply-only or turn-key supply-and-install basis as a subcontractor. We have a proven track record of consistently delivering specified materials and providing manufacturer-certified installation and support services as the most competitive, responsive, and responsible solution.

### Who We Are

The **Reeb family** has a long history in the construction industry. CE Reeb founded Reeb Millwork in 1912, building the first warehouse in the early 1920's. Now, as a certified specialty trade contractor, we provide a variety of manufactured building systems direct from the manufacturer and turn-key installation services for affordable multi-family housing, institutional facilities, and road safety infrastructure projects. Our team brings diverse skills and experiences to each project.

### Why Choose Us

#### Sourcing

Our team offers a combined 80 years of experience and product knowledge of the building industry. If we don't have what you need, we'll find it and get it quickly.

#### Structuring

We structure the contractual arrangement to maximize the DBE participation credit, staffing, and economics to best meet the requirements of the project.

#### Servicing

Our established and growing team can handle all aspects of your delivery needs by utilizing the most diverse delivery capabilities available. Our installation crews are experienced and multi-lingual, and our project management team has been building affordable housing for more than 40 years.
